EXPERIENCE

Patchwork Health Senior Product Designer Jan 2024 - Oct 2024, London

Health-tech leveraging the power of flexible working to solve the global healthcare workforce crisis.

- Led the design for all native mobile products, establishing user flows, wireframes, and high-fidelity prototypes.
- Collaborated with cross-functional teams to set strategy, form goals, and prioritise features, resulting in a 25% improvement in product adoption.
- Established and maintained a design system that streamlined UI consistency across platforms.
- Built and managed a user testing panel of over 700 healthcare professionals, leading to actionable insights and product refinements.
- Mentored junior designers, fostering a culture of continuous improvement and growth within the design team.

Cirevo Senior Product Designer (Fractional) Jul 2023 - Feb 2024, London

Environmental software and data science experts for projects that enable the circular economy

- Applied design thinking methodologies to cultivate and mentor emerging designers, fostering a growth-oriented, creative culture.
- Championed the implementation of additive design operations, streamlining processes that improved project efficiency and design quality.

Rapid Product Designer May 2022 - May 2023, London

A unicorn API business whose hub is used by 4 million developers to find, test, and connect to APIs.

- Translated complex technical requirements into intuitive designs, leading to a 30% increase in conversion rates.
- Collaborated with design and engineering teams based in San Francisco Berlin and Tel Aviv, facilitating the successful launch of new features.
- Developed the Visual Studio Code environment, growing weekly active users to 100k.

BX Product Designer Nov 2020 - May 2022, London

Carbon accounting technology for the agricultural and consumer goods sectors.

- Pioneered user-led product thinking for carbon accounting solutions in the agricultural and consumer goods sectors.
- Conducted user research and prototyped lean proof of concepts, resulting in a 40% faster time-to-market for new products.
- Established and managed a design team, implementing Material Design standards to streamline user experience.

News UK Junior Product Designer Aug 2019 - Nov 2020, London

Global provider of news and entertainment brands to 40 million unique users each month

- Led the design and launch of Times Radio, reaching over 500k weekly unique users.
- Conducted comprehensive user experience research, shaping the development of News UK's first-party design system, News Kit.
